

How To ScoreBig:

Name a Ticket Price: Save up to 60% below box office price.

1. Enter where you want to sit. Your tickets will always be together. Note: five and six stars are the best (behind home plate, in the orchestra); one star tickets are the most affordable (bleachers, mezzanine).
2. Enter the price you'd like to pay and watch the graphic bar to gauge how likely it is that you will win the bid.
3. Find out instantly if your bid is accepted. If your bid isn't accepted, you won't be charged anything. Note: if your bid isn't accepted you can't enter a new bid for the same seat rate again in 24 hours; however you can re-bid for different seating/event dates immediately.

Everyday Savings: Save an average of 10% on tickets, when there are none available below box office price.

1. It works just like any other ticketing site, except you save an average of 10% vs. major resellers!
